1 Introduction and aims

Schools and colleges play a crucial role in preventative education. Preventative education is most effective in the context of a whole-school or college approach that prepares pupils and students for life in modern Britain and creates a culture of zero tolerance for sexism, misogyny/misandry, homo/bi/trans phobia and sexual violence/harassment. This policy applies to all students, including those in the Early Years.

The purpose of this policy is to ensure that our Relationships Education, Relationships and Sex Education (RSE) and Health Education supports our school ethos and fulfils our school aim to empower each student to shine with the brilliance that is distinctly their own. We commit to fostering an educational environment where authenticity is celebrated and the unique qualities of every child, be that academic, creative or sporting are recognised and nurtured.

Akeley Wood School aims to develop our students with 5 key learner habits:

Aspiration: Striving to be the very best you can be, in everything you do.

Resilience: Bouncing back from setbacks, learning from failures, and persisting in their efforts.

Responsibility: Instilling a sense of responsibility for one's actions and their impact on the community locally, Nationally and Internationally

Integrity: Behaving ethically and doing what is right even when it is challenging

Courage: Standing up for what you know is right and what you believe in; taking risks in pursuit of your dreams.

- 1.1 This policy forms part of the curriculum.
- 1.2 We see the curriculum as, 'The total learning experience for our students, which includes not only the taught lessons but also the routines, behaviours, events, activities and other opportunities that our students experience on a daily, weekly and yearly basis in order to ensure that all of them make the best progress possible and attain high standards'.
- 1.3 A well-structured and coherent curriculum is a fundamental element of the tripartite

education that underpins all successful schools and includes Teaching, Learning and Assessment (see model below) and is underpinned by Wellbeing.

The aims of RSE at our school are to:

- 1.4 Provide a framework in which sensitive discussions can take place.
- 1.5 Prepare students for puberty, give them an understanding of sexual development and the importance of health and hygiene.
- 1.6 Help students develop feelings of self-respect, confidence and empathy.
- 1.7 Create a positive culture around sexuality and relationships.
- 1.8 Teach students the correct vocabulary to describe themselves and their bodies.
- 1.9 Help students understand that healthy relationships are an important part of wellbeing.
- 1.10 Prevent students from becoming involved in child-on-child abuse, and /or experiencing harm in school/in the community

2 Statutory requirements

- 2.1 Our policy follows the statutory guidance given by the government (DfE) and meets the requirements of the Independent School Standards. Aspects of RSE are infused within the day-to-day operation of our school; incorporated through the curriculum, both in content included in subject schemes of work and through other planned learning opportunities in the school. They are captured in our written aims and expressed in the ethos and behaviours of everyone.
- 2.2 At our Junior School, we must ensure that every registered student who is provided with primary education at the school is provided with relationships education, in accordance with section 34 of the Children and Social Work Act 2017 and the Independent School Standards
- 2.3 At our Senior School, we must ensure that every registered pupil who is provided with secondary education at the school is provided with relationships and sex education, except in so far as the pupil is excused as mentioned in sub-paragraph 9, in accordance with section 34 of Children and Social Work Act 2017 and the Independent School Standards, and with regard to guidance outlined in section 403 of the Education Act 1996.

At Akeley Wood School, we teach RSE as set out in this policy.

3 Policy development

This policy has been developed in consultation with staff, students and parents. The consultation and policy development process involved the following steps:

- Review – The PSHE Lead reviewed all relevant information, including but not limited to, relevant national and local guidance including regard to the school's obligations under the Human Rights Act 1998, the Equality Act 2010, (including the Public Sector Equality Duty), and their local multi-agency safeguarding arrangements.
- The policy was drafted in accordance with statutory guidance and aligned with the Independent School Regulations. The school curriculum plans were amended accordingly.

- Staff consultation – school staff were given the opportunity to review the policy and make recommendations.
- Parent/stakeholder consultation – parents and any interested parties were invited to attend a meeting about the policy and offer commentary.
- Student consultation – students were consulted with about their RSE lessons in their Student Council / Student Voice meetings.
- Ratification – once amendments were made, the policy was published.
- Policy review – this policy will be reviewed every three years.

4 Definition

- 4.1 RSE is about the emotional, social and cultural development of students, and involves learning about healthy relationships, sexual health, sexuality, healthy lifestyles, diversity and personal identity.
- 4.2 RSE involves a combination of sharing information and exploring issues and values.
- 4.3 RSE is not about the promotion of sexual activity, sexual orientation, or a specific sexual identity.

5 Curriculum

- 5.1 Our curriculum is set out in Appendix 1, but we may need to adapt this as and when necessary.
- 5.2 We have developed the curriculum in consultation with parents, students and staff, taking into account the age, needs and feelings of students.
- 5.3 Primary sex education will focus on:
- Preparing all students for the changes that adolescence brings; and
 - How a baby is conceived and born.

It will:

- i. consider the ages, aptitudes and needs of all pupils, including those pupils with SEND/ and an EHC plan.
 - ii. not undermine the fundamental British values of democracy, the rule of law, individual liberty, and mutual respect and tolerance of those with different faiths and beliefs; and
 - iii. ensure that discriminatory, extremist opinions or behaviours are challenged as a matter of routine.
- 5.4 For more information about our curriculum, see Appendices 1 and 2 and our Curriculum Policy

6 Delivery of RSE

- 6.1 Our RSE is taught as part of our PSHEE curriculum. The PSHEE course is delivered to all students through discrete PSHEE lessons taught by our teachers. There is one timetabled lesson of taught PSHEE a week in Junior School and at KS3; at KS4 it is incorporated into the tutor time programmes. Elements of the programme may be supported through the bringing in of additional expertise, such as outside speakers, trained health professionals, or the use of teachers with a particular interest or knowledge in a specific area. In addition to these discrete sessions, PSHEE is also embedded within the curriculum (e.g., social issues through the teaching of English Literature; Health through Biology and PE; Citizenship through History & RE). There are also centrally organised sessions which supplement the delivery in house.
- 6.2 At our Junior School, Relationships education focuses on teaching the fundamental building blocks and characteristics of positive relationships, including:
- Families and people who care for me
 - Caring friendships
 - Respectful relationships
 - Online relationships
 - Being safe

All RSE taught in PSHEE is in addition to RSE that is covered in the science curriculum.

- 6.3 At our Senior School, RSE focuses on giving young people the information they need to help them develop healthy, nurturing relationships of all kinds, including:
- Families
 - Respectful relationships, including friendships
 - Online and media
 - Being safe
 - Intimate and sexual relationships, including sexual health
- 6.4 For more information about our RSE curriculum, see Appendices 1 and 2 and our Curriculum Policy.
- 6.5 These areas of learning are taught within the context of family life, taking care to ensure that there is no stigmatisation of children based on their home circumstances (families can include single parent families, LGBTQ+ parents, families headed by grandparents, adoptive parents, foster parents/carers amongst other structures), along with reflecting sensitively that some children may have a different structure of support around them (for example: looked after children or young carers).

7 Roles and Responsibilities

Staff & Governance

7.1 PSHE Lead Teacher

The person with responsibility for the overview and yearly evaluation of this policy is the Headteacher for Junior School and Assistant Head, Character and Wellbeing for Senior School. However, all staff are responsible for ensuring this policy is implemented and acted on.

When evaluating the use and impact of this policy, our school leaders will evaluate the extent to which there is evidence of a curriculum which:

- Fulfils the aims of the school;
- Embeds aspiration, attributes and the expectation to achieve high standards and high rates of progress; and
- Provides engagement and excitement for learning.

7.2 The Headteacher

The Headteacher of Junior School and Senior School respectively are responsible for ensuring that RSE is taught consistently across the school, and for managing requests to withdraw students from non-statutory/non-science components of RSE (see section 8).

7.3 The Chair of Governors

The Chair of Governors will hold the Headteacher to account for the implementation of this policy.

The Chair of Governors will ensure that:

- all pupils make progress in achieving the expected educational outcomes;
- the subjects are well led, effectively managed and well planned;
- the quality of provision is subject to regular and effective self-evaluation;
- teaching is delivered in ways that are accessible to all pupils with SEND (see below);
- Teaching is sensitive to the needs of all students with protected characteristics under the Equality Act 2010
- clear information is provided for parents on the subject content and the right to request that their child is withdrawn; and,
- the subjects are resourced, staffed and timetabled in a way that ensures that the school can fulfil its legal obligations.

7.4 Staff

Staff are responsible for:

- Delivering RSE in a sensitive way;
- Modelling positive attitudes to RSE;
- Monitoring progress;
- Responding to the needs of individual students; and
- Responding appropriately to students whose parents wish them to be withdrawn from the non-statutory/non-science components of RSE.

Students will be taught RSE by their Class Teachers at Junior School and by their Form Tutors at Senior School.

Staff do not have the right to opt out of teaching RSE. Staff who have concerns about teaching RSE are encouraged to discuss this with the Headteacher.

8 Students

Students are expected to engage fully in RSE and, when discussing issues related to RSE, treat others with respect and sensitivity.

8.1 Students with Special Educational Needs and Disabilities

Our curriculum is inclusive and our RSE and Health Education is accessible for all students. For those pupils with special educational needs or specific learning difficulties, the school

has a well-established Learning Support department, SENCO. Further details of this provision can be found in our Special Educational Needs and Disability (SEND) Policy.

High quality teaching that is differentiated and personalised will be the starting point to ensure accessibility.

As set out in the SEND code of practice, when teaching these subjects to those with SEND, Akeley Wood School is mindful of preparing students for adulthood.

Akeley Wood School is aware that some pupils are more vulnerable to exploitation, bullying and other issues due to the nature of their SEND. Relationships Education and RSE can also be particularly important subjects for some pupils; for example, those with Social, Emotional and Mental Health needs or learning disabilities. Such factors will be taken into consideration in designing and teaching these subjects.

9 Parents' right to withdraw

- 9.1 If parents require more information on RSE for primary aged children, this is a useful information source of information for them:

https://assets.publishing.service.gov.uk/government/uploads/system/uploads/attachment_data/file/812593/RSE_primary_schools_guide_for_parents.pdf

- 9.2 If parents require more information on RSE for secondary aged children, this is a useful information source of information for them:

https://assets.publishing.service.gov.uk/government/uploads/system/uploads/attachment_data/file/812594/RSE_secondary_schools_guide_for_parents.pdf

- 9.3 Parents of students at our Junior School do not have the right to withdraw their children from relationships education.

Parents have the right to withdraw their children from the non-statutory/non-science components of sex education within RSE. Alternative work will be given to students who are withdrawn from sex education.

- 9.4 Parents of students at our Senior School have the right to withdraw their children from the non-statutory/non-science components of sex education within RSE up to and until 3 terms before the child turns 16. After this point, if the child wishes to receive sex education rather than being withdrawn, the school will arrange this.

Requests for withdrawal should be put in writing using the form found in Appendix 3 of this policy and addressed to the Headteacher.

A copy of withdrawal requests will be placed in the pupil's educational record. The Headteacher will discuss the request with parents and take appropriate action.

The Headteacher will decide if it appropriate for any child to be removed from an RSE lesson or topic.

Alternative work will be given to students who are withdrawn from sex education.

10 Training

- 10.1 Staff are trained on the delivery of RSE as part of their induction and it is included in our continuing professional development programme. Ongoing RSE training for Teachers takes place as necessary and staff are supported with resources from the PSHE Association and EC publishing.
- 10.2 The Headteacher will also invite visitors from outside the school, such as school nurses or sexual health professionals, to provide support and training to staff teaching RSE.

11 Monitoring arrangements

- 11.1 The delivery of RSE is monitored by the Character and Wellbeing Lead for Junior School through; Lesson observations learning walks and monitoring discussions with Phase Leaders and pupils. Otrack assessments will also be viewed and evaluated. Work reviews will also be carried out to monitor coverage and attainment

At our Senior School RSE is monitored by the Assistant Head, Character and Wellbeing, Supported by the Pastoral Team, through; Lesson observations, learning walks and monitoring discussions with form tutors and students.

- 11.2 Students' development in RSE is monitored by class teachers as part of our internal assessment systems.

Families	• That there are different types of committed, stable relationships • How these relationships might contribute to human happiness and their importance for bringing up children • What marriage is, including their legal status e.g., that marriage carries legal rights and protections not available to couples who are cohabiting or who have married, for example, in an unregistered religious ceremony • Why marriage is an important relationship choice for many couples and why it must be freely entered into • The characteristics and legal status of other types of long-term relationships • The roles and responsibilities of parents with respect to raising of children, including the characteristics of successful parenting • How to: determine whether other children, adults or sources of information are trustworthy: judge when a family, friend, intimate or other relationship is unsafe (and to recognise this in others' relationships); and, how to seek help or advice, including reporting concerns about others, if needed

TOPIC	STUDENTS SHOULD KNOW
Respectful relationships, including friendships	• The characteristics of positive and healthy friendships (in all contexts, including online) including: trust, respect, honesty, kindness, generosity, boundaries, privacy, consent and the management of conflict, reconciliation and ending relationships. This includes different (non-sexual) types of relationship • Practical steps they can take in a range of different contexts to improve or support respectful relationships • How stereotypes, in particular stereotypes based on sex, gender, race, religion, sexual orientation or disability, can cause damage (e.g., how they might normalise non-consensual behaviour or encourage prejudice) • That in school and in wider society they can expect to be treated with respect by others, and that in turn they should show due respect to others, including people in positions of authority and due tolerance of other people's beliefs • About different types of bullying (including cyberbullying), the impact of bullying, responsibilities of bystanders to report bullying and how and where to get help • That some types of behaviour within relationships are criminal, including violent behaviour and coercive control • What constitutes sexual harassment and sexual violence and why these are always unacceptable • The legal rights and responsibilities regarding equality (particularly with reference to the protected characteristics as defined in the Equality Act 2010) and that everyone is unique and equal
Online and media	• Their rights, responsibilities and opportunities online, including that the same expectations of behaviour apply in all contexts, including online • About online risks, including that any material someone provides to another has the potential to be shared online and the difficulty of removing potentially compromising material placed online • Not to provide material to others that they would not want shared further and not to share personal material which is sent to them • What to do and where to get support to report material or manage issues online • The impact of viewing harmful content • That specifically sexually explicit material e.g., pornography presents a distorted picture of sexual behaviours, can damage the way people see themselves in relation to others and negatively affect how they behave towards sexual partners • That sharing and viewing indecent images of children (including those created by children) is a criminal offence which carries severe penalties including jail • How information and data is generated, collected, shared and used online

TOPIC	STUDENTS SHOULD KNOW
Being safe	• The concepts of, and laws relating to, sexual consent, sexual exploitation, abuse, grooming, coercion, harassment, rape, domestic abuse, forced marriage, honour-based violence and FGM, and how these can affect current and future relationships • How people can actively communicate and recognise consent from others, including sexual consent, and how and when consent can be withdrawn (in all contexts, including online)
Intimate and sexual relationships, including sexual health	• How to recognise the characteristics and positive aspects of healthy one-to-one intimate relationships, which include mutual respect, consent, loyalty, trust, shared interests and outlook, sex and friendship • That all aspects of health can be affected by choices they make in sex and relationships, positively or negatively, e.g., physical, emotional, mental, sexual and reproductive health and wellbeing • The facts about reproductive health, including fertility and the potential impact of lifestyle on fertility for men and women • That there are a range of strategies for identifying and managing sexual pressure, including understanding peer pressure, resisting pressure and not pressurising others • That they have a choice to delay sex or to enjoy intimacy without sex • The facts about the full range of contraceptive choices, efficacy and options available • The facts around pregnancy including miscarriage • That there are choices in relation to pregnancy (with medically and legally accurate, impartial information on all options, including keeping the baby, adoption, abortion and where to get further help) • How the different sexually transmitted infections (STIs), including HIV/AIDs, are transmitted, how risk can be reduced through safer sex (including through condom use) and the importance of and facts about testing • About the prevalence of some STIs, the impact they can have on those who contract them and key facts about treatment • How the use of alcohol and drugs can lead to risky sexual behaviour • How to get further advice, including how and where to access confidential sexual and reproductive health advice and treatment
